Rudder has great temperament, loves to work and is a Team Player. With limited training he passed 2 HRC Seasoned test in August, 2015. He earned a Qualifying JAM at the ACC Field Trial Specialty. He runs fast, is a good marker, puts on tight hunts and loves the game. We will be working on his QAA as well as those few points needed for his CH.

Piper is a beautiful and accomplished chessie. She is a determined and flashy dog in the field. Piper has always been friendly to other dogs, people and children. Piper is the epitome of a dog that just wants to work and be part of the family. In the show sector she easily got her CH and just has a few points to go for GCH. In the field she earned a Qualifying JAM at the Providence Forge, VA trial in the Fall of 2017. Then at the ACC Field Trial Specialty she earned a Qualifying 2nd place providing her the designation of Qualified All Age "QAA".

\$300 Non-Refundable Deposit to reserve pup.

Pups will be AKC registered, socialized, wormed, microchipped, vet checked, and vaccinated.
